Payment for parking is due once a vehicle enters one of the carparks. Any period commenced is payable.

Following issuance of the exit ticket, the user will have sufficient time, according to the geographical location of his carpark, to leave his parking space.

2.1.5 Payment conditions for open access permanent parking areas bookable over the Internet.

The Paris-Beauvais Airport website offers users the option to book parking online in carparks P1, P2, P3 and P4. Payment for this booking is made exclusively by bank card on the reservations site.

The user is provided with a booking voucher by email once payment has been validated. This booking voucher indicates the relevant parking period, the user's name, the rate, the registration, the carpark and the code required for entry to the carpark. The booking voucher may be printed or downloaded onto a smartphone.

Upon arrival at the selected carpark terminal, the user must input the code indicated on the booking voucher (a 6-digit code) so that the barrier opens. He will be issued with a ticket programmed with the parking dates. The programmed ticket issued must be retained until the passenger's return from his trip and must be presented once again at the exit terminal.

When leaving the carpark, if the user has not exceeded the scheduled exit time, he must insert the ticket into the exit terminal. Once inserted, the ticket cannot be recovered (the invoice was sent by email at the time the booking was made).

In the event of an error, the user should contact Parking Services using the intercom located on the parking terminal, or go to Parking Services located in Terminal 2.

Bookings cannot be changed and in case of cancellation, it will be free of charge if done 24H00 prior the date and hour of entrance. Over this time, no refund available.

Paris-Beauvais Airport shall not, under any circumstances, be held liable for any exceedance of the parking period due to external events (vehicle breakdown, flight delays, etc.).

This also applies for any exit made ahead of the specified period, irrespective of the actual parking time and the reason given (missed or cancelled flight, etc.). No refund requests shall be considered.

Each parking area has its own tariff which cannot be applied to any other carpark, irrespective of the usage of the carpark concerned.

2.1.7 Subscriptions

A quarterly or annual subscription for each carpark may be taken out, depending on availability, for parking areas P1, P2, P3 and P4 (at a reduced rate) upon written request which must be sent to the Parking Service at least 72 hours prior to first use:

It cannot be refunded or exchanged unless the operator is no longer in a position to provide a long-term parking space to the subscriber (any refund will be on a pro rata basis according to the subscription period remaining).

Subscriptions may be approved:

- For private individuals. In this case, subscription is personal and is linked to a vehicle which is identified by its registration number. A plastic card bearing the name of the person, their vehicle registration and the authorised parking period shall be issued and must be displayed on each occasion the parking facilities are used. For legal entities, if a company vehicle has entered the carpark, it must have departed before another company vehicle may enter (using the same card). The subscription may be used by any person appointed by the subscriber.

Subscriptions shall not be approved for requests relating to engagement in non-contracted commercial activity at the airport. Inspections will be carried out by the Parking Service in this respect, in order to check that such commercial activity is not present in the Paris-Beauvais Airport carparks.

The subscriber may use his card to enter and exit the carpark. In the event of loss of the subscription card, a fee of €20 will be incurred for a replacement to be issued.

Any misuse of the subscription card (fraud, etc.) will entail immediate cancellation of the card and/or the subscriber will subsequently be unable to obtain a new subscription card, without prejudice in any event, to criminal proceedings which may have been initiated. In the event of cancellation of a subscriber's card due to fraudulent use, the current subscription shall not be refunded by the carpark operator. In the event of a change in pricing, the applicable tariff will be that which is in force on the day of subscribing or renewing a subscription.

Payment for subscription by cheque is not accepted.

The operator reserves the right to move vehicles parked outside of marked zones. A fixed fee of €180.00 incl. tax (aside from removal charges) shall be charged to any user who has parked in violation and whose vehicle has been the subject of a removal. Depending on available spaces, parking may be limited to a specific duration as indicated by appropriate signage.

In accordance with the Police order regarding airport security measures, the promotion of any competing activity or service on the airport site without prior agreement of the concession holder is forbidden. Any offender shall be liable for a penalty of €250 for acknowledged infringement.

3.7 Right of Withdrawal

In accordance with the terms and conditions prescribed by Articles L.221-18 and subsequent, consumers have a period of fourteen days to exercise their right of withdrawal from a remote contract they have entered into. This period runs from the day on which the contract is entered into. Consumers do not need to justify their decision, nor be held liable for costs other than those set out in Articles L.221-23 to L.221-25 of the Consumer Code.

Pursuant to Article L.221-21 of the same code, the consumer may exercise his right of withdrawal prior to the lapse of the time period specified in Article L.221-18, informing Paris-Beauvais Airport Customer Services of his decision to withdraw by sending it the withdrawal form referred to in Article 2 of L.221-5 or an unambiguous declaration, expressing his desire to withdraw.
